Introduction

Construction Markets has been researching and reporting on the wall claddings market for over 30 years. The market has seen significant changes over the past decade or so and one of the major trends has been the growth of rainscreens. This has led to demand for a specific multi-client report covering the rainscreens market and segmenting it by types of products and by use in different building sectors, sub sectors and types of work.

The reports, based on hundreds of in-depth interviews with a wide range of key specifiers, users / installers, manufacturers and suppliers of rainscreen products and extensive desk research have gained a reputation for unparalleled detail and accuracy. The report is an essential tool for anyone wishing to identify market dynamics, shares and trends or indeed anyone just wanting reliable and detailed intelligence on the market for rainscreen products.

As with other Construction Markets reports, the report and dataset will be supplied electronically in PDF format with all of the tables also supplied in an Excel workbook. In recent years, the presentation of the report has been further enhanced, with the report containing the following sections:

- Market summary
- The market for rainscreens by types of products
- The market for rainscreens by building sectors
- Forecast to 2028

Note: We will also publish reports covering the following markets in 2024:

- ***The Market for Wall Claddings***
- ***The Market for Roof Claddings***
- ***The Market for Flat Roofs***
- ***The Market for Building Insulation***

Separate proposals are available covering these reports; please contact us for more information:

Report Contents

The following data will be provided on the market for rainscreens in Great Britain in 2023 and 2024:

1 - Market Size

The estimated market for rainscreens in Great Britain in 2023 and 2024 will be provided in terms of installed area (in m²).

2 - Rainscreens vs. Alternatives

The penetration of rainscreens within the total wall claddings market will also be provided within the various building sectors, sub sectors and types of work (as outlined in item 4 below).

3 - Segmentation by Types of Products

The total market for rainscreens in 2023 and 2024 will be segmented by the following types of products:

- Metallic:
 - Steel panels / cassettes
 - Aluminium panels / cassettes
 - Other metallic
- Glass
- Stone / engineered stone
- Ceramic / terracotta
- Fibre cement boards
- High pressure laminates
- Other boards
- Other finishes

4 - Segmentation by Building Sectors and Types of Work

The market for rainscreens by types of products in 2023 and 2024 will be further subdivided within each of the following building sector, sub sectors and types of work:

Private Housing:

The private housing market will be subdivided as follows:

- New buildings:
 - Houses
 - Low rise flats (up to 18 metres)
 - High rise flats (18 metres and over)
- RMI (extensions & refurbishment)

Public Housing:

The public housing market will be subdivided as follows:

- New buildings:
 - Houses
 - Flats
- RMI (extensions and refurbishment)

Non-Domestic Buildings:

The non-domestic buildings market will be further subdivided as follows:

- New Private Commercial Buildings:
 - Offices
 - Retail / shops
 - Leisure / entertainment
 - Private education
 - Private health
 - Other private
- New public non-domestic buildings:
 - Public education
 - Public health
 - Other public
- RMI (extensions and refurbishment)

Industrial Buildings:

The industrial buildings market will be further subdivided as follows:

- New buildings
- Extensions
- Refurbishment

Please see the example tables provided later in this proposal for the full scope of the data coverage.

5 - Types of Backup Walls

The market for rainscreens in new non-domestic buildings will be further segmented by the types of backup walls and these include the following:

- Concrete / clay blocks
- Concrete panels
- Profiled steel:
 - Twin skin / built up on site
 - Composite panel
- Profiled aluminium:
 - Twin skin / built up on site
 - Composite panel
- Light steel framing
- Timber frame
- Others

This data is further subdivided by the building sub-sectors outlined under item 3.

6 - Types of Thermal Insulation

The market for thermal insulation used behind rainscreens will be further segmented by the types of insulation and these include the following:

- Mineral wool
- PIR
- Phenolic
- No insulation (refurbishment work)
- Others

7 - Forecast to 2028

A forecast of the likely development of the market for rainscreens will be made for the period up to 2028 and this will cover the following:

- The likely changes in building sector activity levels by the main sectors:
 - Private housing
 - Public housing
 - Private commercial buildings
 - Public non-domestic buildings
 - Industrial buildings
- The likely penetration of rainscreens within the total wall claddings market
- The projected changes in product usage for all of the main types of products (as listed above under item 3)

The forecast will be based on the following:

- The unique Construction Markets computer-based forecasting model
- A full and detailed analysis of all relevant macroeconomic and other available data and statistics
- Information from the comprehensive field research programme

Research Programme

The data in the report will be collected from the following research programme:

1 - Field Research

Telephone interviews have been conducted with the following types of respondents:

- Private house builders
- Developers of high rise private residential apartment blocks
- Specifiers designing public residential buildings
- Local Authorities
- Housing Associations / RSL's (Registered Social Landlords)
- Specifiers designing non-domestic buildings
- Rainscreen contractors / installers
- Other specialist sub-contractors
- Segments of the distribution network
- Manufacturers supplying into the market
- Others as identified as being relevant sources of information

Over 450 interviews have been conducted with these types of respondents during the whole of 2024.

Please note that all Construction Markets information is based on original field research and our unique research models. This ensures unparalleled detail and accuracy.

2 – Desk Research:

A major programme of desk research has also been conducted consisting of the following:

- Collection and analysis of all published and other obtainable statistics from both public and private sources
- Information from the unique database held by Construction Markets which has been updated annually since the consultancy was started 40 years ago.
- Data collected from the Internet.

Fees & Timings

Fee Structure

The fee for the study on The Market for Rainscreens will be:

- £4,450 +VAT per subscriber

This fee will be invoiced in the following stages

- 60% upon delivery of the draft report and dataset
- 40% on delivery of the final report and dataset

The draft and final reports and datasets will be supplied in electronic format as follows:

- Draft Dataset - MS Excel format
- Final Report - PDF format
- Final Dataset - MS Excel format

Note: The fee will be invoiced in full once the draft data has been published in 2025.

Timing

The delivery dates for rainscreens report are as follows:

- Draft Dataset - May 2025
- Final Report and Dataset - June 2025

Terms and Conditions

The following terms of business apply to engagements accepted by Construction Markets Ltd. All work carried out is subject to these terms except to the extent that changes are expressly agreed in writing.

- Our terms of payment are strictly 30 days from the invoice date.
- The Copyright and intellectual property for any and all information supplied by Construction Markets in any format (contained in a draft report, final report, notes, ad hoc basis or otherwise) is retained by Construction Markets, although the fees you pay us allow you to use those materials for the purposes for which they were created under this engagement.
- Any and all information supplied by Construction Markets in any format (contained in a draft report, final report, notes, ad hoc basis or otherwise) must not be copied, distributed or in any way disclosed outside of the client company (or its group) without the prior written consent of Construction Markets. We recognise that there may be circumstances where you wish to disclose copies of a report we produce for you to other third parties. We may provide consent to such disclosure on condition that the third parties in question sign a hold harmless letter, a reliance letter or an engagement letter in each case in a form acceptable to us. Neither we nor our employees, consultants, agents or directors assume any duty of care to such third parties and we disclaim all responsibility for any consequence whatsoever should any such third party rely upon any report, letter, information or advice without our first having given our written consent that such third party may do so. Our only responsibility in relation to our reports and advice in connection with this engagement is that which is owed to you in the context of this engagement as at the date on which our report or other advice is given to you.
- Where we receive confidential information, we shall take such steps as we in good faith think fit to preserve confidential information from unauthorised disclosure or other misuse both during and after termination of this engagement. If, we nevertheless disclose without authorisation or otherwise misuse your confidential information, thereby causing you loss, we shall be liable to you. Save where there is specific agreement to the contrary, our client relationship with you shall not be treated as confidential information and we may disclose this fact to clients, prospective clients, or other third parties.
- We will provide you with data and services described in this engagement letter and the accompanying document describing the research scope in a timely manner. In the unlikely event that delays occur then these will be promptly advised by email.
- All reasonable endeavours will be made to ensure the accuracy of all data that is supplied and this will be based on the agreed scope and no warranty or representation is made by us as to the completeness of the data or reports or the accuracy of the information we have relied on.
- You agree that any commercial decisions that you make are not within the scope of our duty of care and in taking such decisions you must take into account the restrictions on the scope of our work and other factors, commercial and otherwise, of which you and your other advisers are, or should be, aware from sources other than our work.
- The aggregate of our liability for all Relevant Losses to the Recipient Parties shall be limited in total to ten times our paid fees for this engagement.
- You acknowledge that our employees, consultants, agents or directors do not assume any duty of care to you in a personal capacity. You shall not bring any claim in respect of any Relevant Losses against any of our employees, consultants, agents or directors personally.
- We will not be liable to you for any claim in relation to our reports and advice to the extent that you have a right of recovery from any other person.
- We will not be liable to you for any claim in relation to our reports and advice to the extent that you were aware of the fact, matter, event or circumstances giving rise to the claim prior to the date of the relevant report or advice.

Order Form

To:

Construction Markets
PO Box 359
Lymington SO41 8XD

Email: dominic@construction-markets.co.uk

I would like to subscribe to **The Market for Rainscreens Report 2024** as described in the proposal and hereby agree to the terms of conditions contained therein.

My details are as follows:

Name: _____

Company: _____

Position: _____

Address: _____

Tel: _____

Mobile: _____

Fax: _____

Email: _____

Please invoice me for the relevant stage payment(s) as applicable.

Signed:

Appendix 1 - Example Tables

Private Housing:

Sub Sector / Type of Work		Installed Area of Rainscreens (000 m ²)											
		Metallic Rainscreens				Glass	Stone / Engineered Stone	Ceramic / Terracotta	Fibre Cement Boards	High Pressure Laminates	Other Boards	Other Finishes	Total Rainscreens
		Steel	Aluminium	Other Metallic	Total Metallic								
New Buildings	Houses												
	Flats	Low Rise Flats											
		High Rise Flats											
		Total Flats											
	Total New Private Housing												
RMI	Extensions												
	Refurbishment												
	Total RMI Private Housing												
Total													

Public Housing:

Sub Sector / Type of Work		Installed Area of Rainscreens (000 m ²)											
		Metallic Rainscreens				Glass	Stone / Engineered Stone	Ceramic / Terracotta	Fibre Cement Boards	High Pressure Laminates	Other Boards	Other Finishes	Total Rainscreens
		Steel	Aluminium	Other Metallic	Total Metallic								
New Buildings	Houses												
	Flats	Low Rise Flats											
		High Rise Flats											
		Total Flats											
	Total New Public Housing												
Extensions & Refurbishment													
Total													

Non-Domestic Buildings:

Sub Sector / Type of Work			Installed Area of Rainscreens (000 m ²)											
			Metallic Rainscreens				Glass	Stone / Engineered Stone	Ceramic / Terracotta	Fibre Cement Boards	High Pressure Laminates	Other Boards	Other Finishes	Total Rainscreens
			Steel	Aluminium	Other Metallic	Total Metallic								
New Buildings	Private Commercial	Offices												
		Retail												
		Leisure												
		Private Education												
		Private Health												
		Other Private												
		Total New Private Commercial												
	Public Non Domestic	Public Education												
		Public Health												
		Other Public												
Total New Public Non-Domestic														
Total New Non-Domestic Buildings														
Extensions & Refurbishment														
Total - All Non-Domestic Buildings														

Industrial Buildings:

Type of Work	Installed Area of Rainscreens (000 m ²)											
	Metallic Rainscreens				Glass	Stone / Engineered Stone	Ceramic / Terracotta	Fibre Cement Boards	High Pressure Laminates	Other Boards	Other Finishes	Total Rainscreens
	Steel	Aluminium	Other Metallic	Total Metallic								
New Buildings
